HALO

OUT OF THIS WORLD

Unlike anything else afloat, Halo blazes her own trail on the charter market. The distinct exterior design is guaranteed to turn any head. But Halo is more than her iconic aesthetic; the yacht was made to cruise the world with no compromise to any onboard luxuries.

Wellness and relaxation are top of the agenda thanks to incredible amenities such as the gym and custom pool, plenty of sunbathing and break-out spaces and a personal trainer and yoga instructor among her 14-strong crew.

Her standout sun deck, all 200 square metres of it, will leave a lasting impression while the toy selection will delight even the most insatiable water sports enthusiast. Put simply, Halo offers a charter experience of celestial proportions.

EXTERIOR LIVING

OUTSIDE IS THE PLACE TO BE

Guests are naturally drawn to the incredibly spacious sun deck. Not only is there a bar and plenty of lounging and dining space, the large Jacuzzi is surrounded by sunpads and can be covered with an innovative carbon fibre sun awning which is controlled electronically. How much sun or shade? You decide. It's as easy as pressing a button. After nightfall, there is an outdoor cinema screen for starlit movie screenings. Whether it's an early morning yoga session on the expansive fore deck, a celebratory evening meal around the 12-person dining table on the bridge deck, or pre-dinner cocktails on the main-deck lounge seating, there is a space for every occasion.
