# CREW PROFILE

Francesco and Renato are brothers who share a great passion for the sea, boats and sailing. Since they were very young, they have chosen to dedicate themselves to life at sea and to the world of sailing charters, offering guests their natural, in-depth knowledge of the sea, their professionalism and their overwhelming joie de vivre.

In fact, this is the great pride of this boat, a professional crew, capable of making both experts and first-time sailors feel at ease, who love to share the experience of sailing and encourage sports activities, shore excursions. They are always on the lookout for wonderful anchorages, able to take advantage of the weather conditions and the light of the sunsets and to create dreamlike atmospheres.

His several charter experiences guarantee a high professionalism.

Captain Francesco at the age of 20 started his own Windsurfing and Sailing School in Stromboli, Aeolian Islands; at 23, he bought his first catamaran Manutara, which was one of the first catamaran in the charter business around Sicily. In 1986, he crossed Manutara to the Caribbean, the first of 13 Atlantic crosses, and 13 winter charter seasons in the West Indies.

In the 2003 began the precious partnership with the current ship owner of the Kaskazi, the Pahi 63' catamaran located in Kenya. They sailed a chartered Kaskazi during the winter season in the Indian Ocean on the East Coast of Africa up to now.

Over the years, Francesco never missed a summer sailing season in the Aeolian Islands that he loves and knows as few other people and where he has his home and heart. Volcanology, Geology, Archeology, Speleology Biology, Diving, snorkeling, Water sky, Kayak Windsurf, good restaurants and happy nightlife: with Francesco, you will never get bored!

Some of his clients call Francesco "the poet of the sea" for his natural attitude or talent to enjoy and let enjoy the life on the water and the art to be at the right moment at the right place with his boat and guests. He loves fresh, healthy Mediterranean food and wines, and is also a popular cook. Very friendly and patient, Francesco loves children and sharing with them his knowledge of sailing, the sea and maritime life and, of course, the use of all water sports equipment.

Captain Renato started to sail with Francesco when his father gave them the opportunity to sail the family boat around the gulf of Napoli and Salerno.

After he graduated in engineering he bought his own sailboat and sailed with his wife and two daughters all around Mediterranean Sea, plowing the Tyrrhenian Sea countless times between the Parthenopean Islands, the Pontine Islands, the Aeolian Islands, Corsica and Sardinia.

For the last 20 years, he has worked as freelance Civil Engineer and a Skipper for charter sailing boats in Italy and Greece.

He has a natural talent for feeling the wind and the weather and has participated in and won many regattas with his boat. This experience, as well as a strong disposition to communicate his long and tenacious experiences to those who like him, love nature and the sea in particular, make Renato a wonderful sail master.

Now is seven years that sail together with Francesco, they are running Kaskazi Four alternating in command and sharing the love for the sea and navigation.

# GUESTS COMMENTS

*«We had a fantastic experience on board Kaskazi. Francesco is a responsible and experienced captain. We sailed a lot, the boat is wonderful, new and equipped with every comfort. We discovered beautiful bays, excellent restaurants even though we enjoyed the best food on board!» Peter.*

*«Sailing is the essence of peace ... and to be at peace, you need professionals of the sea, like them!» Valeria.*

*«Un posto fantastico dove passare le vacanze. Relax, mare, sole e un accogliente equipaggio! » Ivana.*

*«In merito alla cucina ti posso dire che è stata sempre eccellente, dalla colazione la mattina al pranzo e cena. Francesco oltre a guardare sempre con attenzione quanto succedeva è stato sempre disponibilissimo visto anche il suo carattere sempre presente e gentile nell'offrirsi per escursioni o consigli verso di noi rendendo tutte le 7 isole ben diverse da una semplice gita senza poi respirarne e vederne i posti piu' nascosti e segreti come abbiamo potuto fare grazie a lui. Nota particolare anche su cibo e vini la scelta e consigli sempre ottimi anche nell'andare a fare la spesa o a suggerire eventuali pescatori o signore che portavano ed offrivano da frutta o verdure.*

*Renato tra le persone piu' gentili e disponibili mai incontrate!» Andrea*

*«The crew was very friendly , and very good sailors, Captain Francesco and his brother Renato were willing to navigate the area with no repares for distance, ocean conditions or even sailing at night wich allowed us to visit Ponza and other beutifull islands that we would have not been able to visit otherwise. Also Selu , was very friendly and nice person. The cook Nadia, was super nice and the food was very good. Pasta and salads (that was what we selected).» Lino.*

*«We, a group of 7 adults and 2 children had the pleasure of spending 14 days on Kaskazi Four, sailing the region of the Aeolian Islands, north of Sicily. The crew, consisting of Francesco the captain, Renato First Officer, Nadia the cook and deckhand Federica looked very well after us. Special thanks and praise to Nadia who really went out of her way to serve us the most fresh produces, all cooked to utmost perfection. Francesco did a great job in showing us around all the islands. Not only did we get to visit secret hideaways, he also gave us an insight into the history of the region.*

*Many thanks to you all for a fantastic time.» Carl*

*«So far the best crew we had, everything was amazing. The Islands were stunning, the boat amazing but the most important is the staff. Without a good spirit, without people willing to do their best there are no good holidays no matter the boat your are on. We will be back for sure.» Raoul and Stef*
