VISION

Where Every Hour Is Golden

VISION is a beautiful example of a 60-metre Benetti, shaped to suit every mood and moment —spacious where it counts, social when it matters, and private when you want it to be. Every element, from the split-level master suite to her expansive sun deck, has been fine-tuned to invite deep relaxation or celebration. Backed by a longstanding captain and a warm, attentive crew, she delivers the kind of charter experience that runs seamlessly in the background, letting the setting, and the company, take centre stage.

INTERIOR

A Floating Residence by Pierre-Yves Rochon

VISION's interiors are rich and elegant, shaped by the deft hand of Parisian designer Pierre-Yves Rochon. Celebrated for his work with the Waldorf Astoria, The Savoy and Four Seasons, he brings his hospitality nous to the water, creating an atmosphere that feels instantly inviting.

The main salon layers high-gloss Macassar ebony with figured Tanganyika frisé and polished mahogany, all softened by silk carpets underfoot. A sculptural plaster bas-relief of Amphitrite, Greek goddess of the sea, presides over the formal dining space and lends it a sense of grandeur. Nautical cues appear throughout the interior, from a curated collection of objets d'art to a dramatic three-storey mural of sirens and swirling seas that winds around the central stairwell and adds a touch of whimsy.

Up on the bridge deck, the upper saloon shifts into a more relaxed gear. A naturally cool retreat, it features a polished black stone sit-up bar, with sofas and armchairs to enjoy a refreshing aperitif. Guests can unwind in comfort, sheltered from the afternoon sun and surrounded by sea views.

ACCOMMODATION

A Private Retreat

VISION sleeps up to 12 guests in six beautifully appointed cabins that prioritise space, privacy, and calm. The standout is a split-level master suite that is more akin to a private residence than a typical stateroom, complete with a lounge area, office, and dual walk-in wardrobes. A sliding partition allows for flexible use of the space, while the bed is positioned beneath an oversized skylight that floods the room with natural light. The en suite bathroom is equally indulgent, with his-and-hers vanities, a freestanding tub, and a separate rainfall shower.

A VIP suite on the upper deck can double as a dedicated spa and wellness space depending on the number of guests on board. On the lower, there are two generous double cabins and two twin cabins can convert to doubles, making VISON the perfect for large families or flexible groups. Each cabin is finished in a palette of warm woods, hand-selected marbles, and soft lighting.

EXTERIOR

From Sunrise to Sunset

VISION's outdoor decks have been curated to deliver unforgettable moments from sunrise to starlight. An expansive sun deck is the ultimate social space with a raised Jacuzzi wrapped in glass to shelter from the elements, and a full bar just steps away. Aft, a versatile lounge with swivel daybeds shifts effortlessly into party mode after dark, thanks to a plug-and-play AV setup.

For more relaxed occasions, the upper aft deck offers a change of pace. It invites alfresco dining beneath the shade, with a large table set for leisurely lunches or dinners at anchor. Built-in sofas hug the corners of the deck, paired with low coffee tables that form a series of quiet nooks.
